Owing to the carelessness of WILLIMANTIC people in crossing streets, a new plan of safety zones was put into effect Tuesday afternoon to safeguard the public and to protect automobiles from the carelessness of others. Carl Hughes was engaged in painting two four-inch white lines across the street at various points of Main street where intersections with other streets are made. The space within these lines will be held by the law to be crosswalks and pedestrians will be protected while crossing on them. If, however, they refuse to use these crosswalks but dare to cross the streets from any point the blame will be on themselves if accidents happen. The reason for these changes is that Main street lacks crosswalks that can be recognized and people have been in the habit of crossing the street whenever the spirit moved them. From now on only these points will be recognized as crosswalks.

Main street at intersection of Valley and across Main street to Jordan building, and the following sections enclosed by white lines on Main street: Intersection of Church and Main, Railroad and Main, North and Main, Turner's alley, and across Main, Chamber of Commerce building across Main, and across street across Main. Other crosswalks will be added if necessary. In addition to the painting of lines for crosswalks there are to be white lines at certain intervals along Main street, and other streets affected by the new city ordinance relative to parking automobiles and other vehicles. These lines will extend from the sidewalk into the street at an angle of 20 degrees showing the proper alignment for parking.

Begin To Purify Your Winter-Blood

Grandmother's Old-Fashioned Sulphur and Molasses Did It.

But Not So Well As This Sulphur Tablet—Sugar Coated.

Through the winter the blood accumulates poisons because you do not perspire enough, because you do not live in the open air, and because you eat more meat, muck and other rich foods. Every spring we feel sluggish, constipated, liver and kidney ills beset us, colds and chronic coughs, pimples, boils and carbuncles, all evidence of impure, thick, sluggish blood. Sulphur Tablets (not sulphur tablets) are composed of extracts of roots and herbs combined with sulphur and cream of tartar, no better physic, blood-tonic and blood cleanser has ever been developed. Every spring thousands who already know the value take them to purify the system of winter poisons. Now, when it is too late to begin, so you won't be attacked by serious ailments when spring and summer come by all druggists, 50c per sealed tube, with full directions.
